LAL: unforgettable

You might not know it yet, but LAL will be with you forever.

The people, the places and the English language you discover through LAL will shape the way you interact with your world.

The benefits of your language experience with LAL will endure, because real-life learning resonates long after you have finished your course. The experience goes way beyond the classroom: belonging to the LAL community really means getting out and exploring the places you always heard about, from a completely new angle.

Being able to share moments with people who, like you, are building their own future, finding their unique take on each LAL destination, and living abroad as part of an international community - this is LAL.

“What makes LAL unique?” - Real Life English

Free Welcome Events

Each LAL school has a unique, free, unforgettable welcome event to kickstart our students' LAL experience by welcoming them to our schools in the most authentic, immersive and fun way possible, introducing them to our destinations, our schools and their new friends.

'English on the Go' lessons

At least once a month our teachers take students for their lessons outside of the classroom, teaching English out and about in real life.

Exclusive activities

Designed by us for students to connect with one another; teachers and staff join students on selected free and low-cost fun activities to immerse them in English in real life situations.

Real Life English Excursions

Much more than regular excursions, we've selected and designed local "must-do" experiences to provide our students with unforgettable English through unforgettable experiences.

At LAL we believe in comfortable relationships; we want you to make new friends. We put our students first so you can relax and **speak English** in or out of school. Friendly staff work together to make sure you enjoy **learning a language** that is an important part of life.

Our Methodology

If you need English for work, travel or study, LAL's experienced teachers can help you practise the language for everyday situations. Our teachers are familiar with how you need to learn English, including using technology and real-life situations. Learning English means speaking, listening, reading and writing. You will use important communicative skills and improve your confidence.

We like our students to be involved in their learning, so as well as planning lessons and progress checks for you, we ask you about the language you want to learn. Discussing and negotiating the week's' work with your teacher and class creates a course perfect for your language needs.

LAL likes you to check on your progress. We offer daily feedback from your teachers, weekly written or aural tests as well as written and spoken end of level exams. Our materials align with levels in the Common European Framework of Reference for Languages (CEFR).

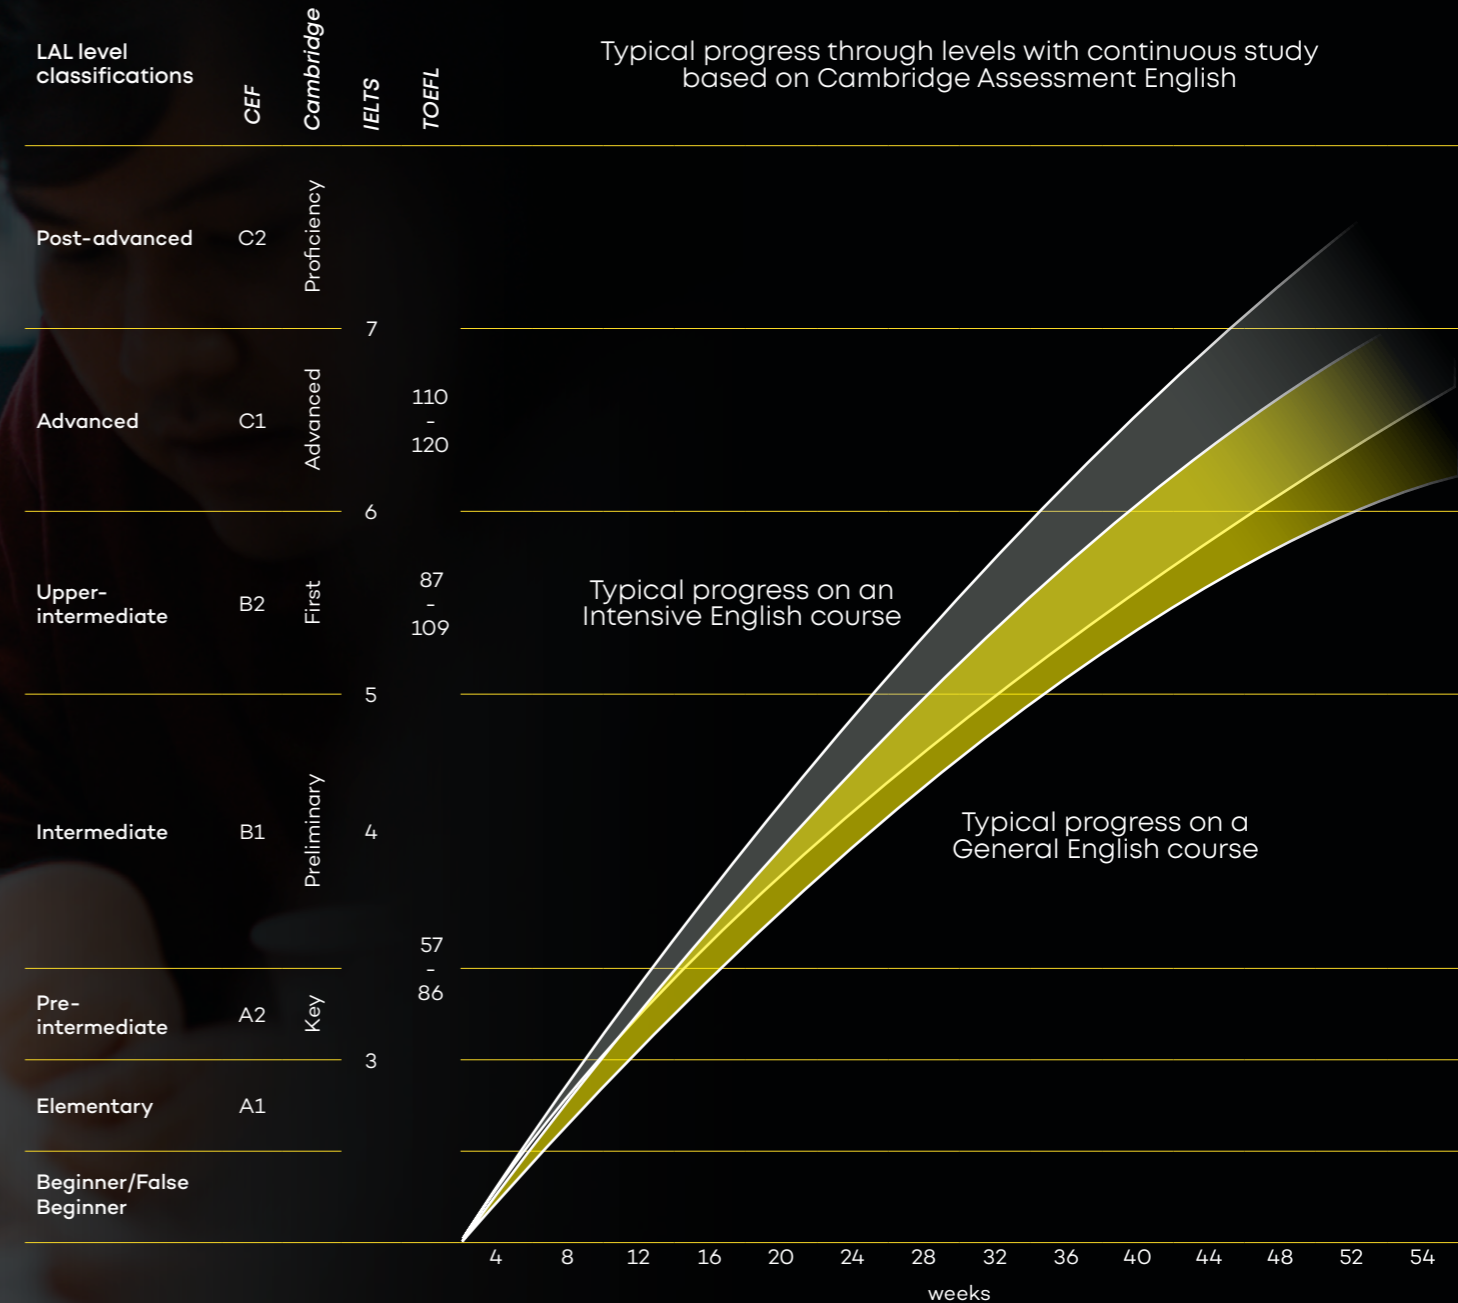

We love it when our students talk to us in English outside the classroom, whatever their level*. This builds confidence and lets you use language in lots of real situations. Because of this, we think you should try to speak English as much as you can, even to people from your own country.

Our Learning Pledge

Years of experience in teaching, course planning and getting feedback from students mean that we know how you learn English. We assess you to start you in the level best suited to you. You can then progress quickly and work towards reaching your personal goals.

Attendance, participation, practice: we make sure you learn how to progress while achieving and surpassing the goals that you arrive with.

Our Courses

LAL has a range of great courses to suit your needs. Take our popular **General English** and add everyday skills or **focused language lessons**. Our schools offer options from work specialisations to academic courses.

We believe that belonging to our community and **sharing your experiences** abroad are the best ways for you to **improve your English**. Our schools are designed with that in mind: shared spaces and plenty of activities that allow you to connect with one another.

Your **safety** is important to us!

We can't wait to welcome you back to our schools as soon as we reopen. Because we want your time with us to be as stress free as possible, we have put in place new systems and procedures to ensure all our staff and students feel safe and protected.

Safe Transfers

On arrival please follow the procedures in place at the airports, face coverings must be worn and social distancing rules must be followed. Our drivers will meet you and take you to the school or your accommodation. Students from specific countries may be required to quarantine for 14 days on arrival to the UK. We will advise you if this applies to you.

Clean Schools

The schools will be deep cleaned and daily cleaning schedules have been put in place. There will be daily temperature checks for staff and students. Face masks, hand sanitiser and latex gloves will be available throughout the school.

Learn English Safely

Our class sizes have been reduced to ensure social distancing can be implemented. We will continue to run outdoor activities and lessons but these will be restricted to the local area to avoid long periods of travel.

Single Room Accommodation

Only one student per homestay or room within the residence are permitted, unless travelling with a member of your household. All homestays and residences will maintain a high degree of cleanliness. All homestays will complete a form to declare they are fit and well to host.

Care and Support

Our staff are here to support you throughout your stay. All our schools and residences have been carefully assessed and systems put in place to ensure your stay is safe and relaxed, so you can learn English without worrying about anything else.

Insurance cover for COVID-19

LAL Language Centres strongly urges all students to carefully check their insurance policies to fully understand the cover and the potential for incurred expenses in the event of cancellations. LAL's insurance provider is guard.me international insurance. The guard.me "Multi-risk plus Cancellation" insurance will include medical cover for COVID-19 but not trip cancellation costs for COVID-19 as it is no longer an unexpected event. This means that costs incurred to extend accommodation due to isolating or quarantine will also not be covered by insurance and will be the responsibility of the student.
